## Big Hall

---

**09:00-09:30** [Opening ceremony](#)

---

**09:30-10:15** [Plenary session](#)

---

**10:30-13:15** [Interdisciplinary Symposium:](#)  
«Chronic gastritis and gastric cancer. From screening to the diagnosis and treatment»

---

**13:30-15:00** [Satellite Symposium sponsored by Abbott:](#) «Diagnosis and treatment of pancreatic and liver diseases: What should a doctor know?»

---

**15:15-18:00** [Interdisciplinary Symposium:](#)  
«The focus on the diseases of the pancreas»

---

## Business Hall

---

**09:30-10:00** [Symposium:](#) «Management of complicated GERD in fit and comorbid patients» sponsored by Dr.Reddy's

---

**10:00-10:15** [Lecture:](#)  
**M.Yu. Fedyanin** «Double immunotherapy – a new standard in the metastatic colorectal cancer treatment»

---

**10:15-11:45** [Workshop:](#) «Molecular genetic testing: Who? When? Why?»

---

**12:00-13:30** [Symposium:](#) «Human microbiome. Its role in the development of chronic and oncologic diseases»

---

**13:40-15:10** [Round table:](#) «Preventive surgeries in patients with hereditary tumor syndromes: State of the art»

---

**15:20-16:50** [Round table:](#) «Omics technologies»

---

**17:00-18:00** [Clinical case reports](#)

---

## Glass hall

---

**09:30-11:00** [Satellite Symposium sponsored by AVAN LLC:](#) «Sorbed probiotics – step forward in the treatment of intestinal dysbiosis»

---

**11:10-11:55** [Satellite Symposium sponsored by UCB Pharma:](#) «A Crohn's disease patient: From treatment optimization to social support»

---

**12:05-12:50** [Symposium:](#) «Enteropathy with impaired membrane digestion: The further expansion of the diagnostic and therapeutic approaches»

---

**13:00-14:30** [Symposium:](#) «Genetics on the way to the solution of celiac disease variants»

---

**14:45-16:15** [Symposium:](#) «Genetics of irritable bowel syndrome»

---

**16:30-18:00** [Symposium:](#) «The genetic variants of inflammatory bowel diseases»

---

## President Hall

---

Endoscopy day:  
«Stenting in endoscopy»  
**09:30-11:00** [Bronchial stenting](#)

---

**11:15-12:45** [Pyloroduodenal stenting](#)

---

**13:00-14:30** [Colon stenting](#)

---

**15:00-16:30** [Endoscopic stenting in the treatment of chronic pancreatitis](#)

---

**16:40-18:00** [Video-session: difficulties, mistakes and complications in stenting](#)

---

# Friday, February 28, 2020

## Big Hall

**09:00-10:30 Symposium:** «Anti-cancer treatment toxicity in the GI practice»

**10:45-12:15 Satellite Symposium sponsored by Pfizer:** «Relevant issues in the treatment of ulcerative colitis»

**12:30-15:15 Interdisciplinary Symposium:** «Hereditary liver diseases»

**15:30-18:00 Interdisciplinary Symposium:** «Pseudomembranous colitis»

## Business Hall

**09:00-09:45 Meet the professor:**  
**L.D. Firsova** «Hereditary predisposition to psychosomatic manifestations of gastrointestinal chronic diseases»

**10:00-11:30 Symposium:** «Coagulopathy. From cytogenetic testing to the treatment»

**11:45-13:15 Symposium:** «Genetic aspects in neurogastroenterology»

**13:30-14:40 Young scientists' Symposium**

**14:50-16:20 Symposium:** «Radiation diagnostics for liver diseases»

**16:30-18:00 Symposium:** «Metabolic complications and detoxication nutrition in oncogastroenterology: New reading of old truth»

## Glass hall

**09:00-10:30 Symposium:** «A patient with dysphagia: An opinion of professionals' team»

**10:45-11:30 Satellite Symposium sponsored by Abbott:** «Healthy stomach is a stomach without H. pylori»

**11:40-12:25 Satellite Symposium sponsored by Takeda:** «Management of patients with gastric acid-dependent diseases»

### Pancreatic Club

**12:35-12:50 Lecture:** **I.V. Maev** «Chronic pancreatitis – 2020»

**12:55-13:35 Discussion:** «Diabetes mellitus type 3c: An opinion of endocrinologist and gastroenterologist»  
**A.M. Mkrtumyan vs. Yu.A. Kucheryavy**

**13:50-14:35 Satellite Symposium sponsored by Berlin-Chemie:** «Clinical signs, diagnosis and treatment of pancreatic insufficiencies»

**14:45-16:15 Symposium:** «Cystic fibrosis patients: A multidisciplinary approach»

**16:20-18:00 Symposium:** «Controversial issues in pancreatology»

## President Hall

**09:00-09:45 Meet the professor:**  
**A.I. Parfenov** «IBS or enteropathy with impaired membrane digestion? That is the question»

**10:00-10:45 Symposium:** «Phenotypes of drug-induced hepatitis – from theory to practice»

**10:45-11:30 Symposium:** «Genetic aspects in hepatology – present and future»

**11:30-11:45 Lecture:** **V.D. Pasechnikov** «NAFLD in real clinical practice» (sponsored by PRO.MED.CS Praha a.s.)

**11:45-12:00 Lecture:** **V.V. Breder** «Current possibilities of inoperable hepatocellular cancer 1st line treatment» (sponsored by Eisai)

**12:00-12:15 Lecture:** **S.V. Morozov** «Genetic determinants of different GERD forms: The results of prospective study» (sponsored by AstraZeneka)

**12:30-13:15 Satellite Symposium sponsored by Johnson&Johnson:** «IBD: A new look at the treatment with biological therapy»

**13:30-14:15 Satellite Symposium sponsored by Takeda:** «Decision making in the treatment of IBD – current arguments»

**14:30-16:00 Symposium:** «Genetic mutations in the development of endocrine diseases»

**16:15-18:00 Consensus meeting:** «Klatskin tumor»

**18:00 Closing ceremony**
