Program of the 45th Session of **CSRI for Gastroenterology** "Oncology issues in gastroenterologist practice"
February 28th, 2019, Thursday

Big Hall	Business Hall	Glass Hall	President Hall
9.00 – 9.30 Opening Ceremony			
9.30-9.50 Opening Lecture D.A. Morozov «From multicentre studies and consensus conferences to clinical guidelines and patients management protocols»	9.30-10.00 Lecture. A.I. Parfenov «Enteropathy with a disorder of membrane digestion: from diagnosis to the treatment and cure»	9.30-11.00 Symposium: «HIV infection and gastrointestinal diseases»	9.30-16.00 Plenary session: «Endoscopic diagnosis and treatment of gastrointestinal epithelial tumors»
10.00-11.00 Satellite symposium by the Session general sponsor Abbott «Pancreatic enzyme replacement therapy today»	10.00 -11.30 Memorial symposium. «Membrane digestion – an outstanding discovery of the XX century» (to the 60 th anniversary of A.M. Ugolev's discovery of a new digestion paradigm)»	11.10-11.55 Satellite symposium sponsored by Janssen «The safety of the biologics»	
11.00-11.30 Expert lecture Bruno Vincenzi (Italy) «Support treatment in oncology patients»	11.45 – 12.30 Satellite symposium sponsored by Takeda «Gastric acid-dependent diseases: early diagnosis and rational treatment. Cancer prevention is at the problem forefront!»	12.10-13.40 Satellite symposium sponsored by Pfizer «Janus kinase inhibitors, from theory to practice in the IBD treatment. The first Russian experience»	
11.30-12.00 Expert Lecture Ioannis Souglakos (Greece) «Immunotherapy in the treatment of advanced gastric cancer» (sponsored by MSD)	12.45-13.30 Satellite Symposium sponsored by PRO.MED.CS Praha a.s. «Intestinal permeability syndrome – a new target in the treatment of gastrointestinal diseases»		
12.10-15.00 Interdisciplinary Symposium «From chronic gastritis to gastric cancer: how to stop Correa cascade»	13.45-15.15 Symposium: «Irritable bowel syndrome and IBS-like disorders in bowel diseases: new approaches in diagnosis and treatment»	13.55-15.25 Roundtable: «A patient with a stoma and a doctor: face to face»	
15.00-18.00 Interdisciplinary Symposium «Chronic pancreatitis and pancreatic cancer: Is there a link?»	15.30-17.00 Symposium: «Screening for celiac disease as prevention of oncological diseases»	15.35-16.20 Satellite Symposium sponsored by Abbott «H. pylori-associated diseases: how to optimize treatment strategies»	
	17.15-18.00 Roundtable: «Bile acids – a colorectal cancer risk factor»	16.30-18.00 Meeting of the working group on gastrointestinal motility

«МОСКОВСКИЙ КЛИНИЧЕСКИЙ НАУЧНО-ПРАКТИЧЕСКИЙ ЦЕНТР ИМЕНИ А.С. ЛОГИНОВА
ДЕПАРТАМЕНТА ЗДРАВООХРАНЕНИЯ ГОРОДА МОСКВЫ» (ГБУЗ МКНЦ ИМЕНИ А.С. ЛОГИНОВА ДЗМ)

111123, г. Москва, ш. Энтузиастов д. 86, тел.: 8 495 304 30 39, 8 495 304 3040, info@mknc.ru, сайт: www.mknc.ru

March 1 st , 2019, Friday			
Big Hall	Business Hall	Glass Hall	President Hall
9.00-9.45 Meet the Professor. Serhat Bor (Turkey), D.S. Bordin «GERD diagnosis and treatment: what is new? »	9.00-9.45 Meet the Professor. D.A. Sychev «Clinical and pharmacogenetic technologies in personalized medicine: focus on oncology»	9.00-9.45 Meet the Professor. I.E. Khatkov «Moscow Cancer care system»	9.00-9.45 Meet the Professor A.I. Parfenov. «IBD relapses and their prevention options»
10:00-13:00 Interdisciplinary symposium «Hepatocellular carcinoma: What is an origin?»	10.00-11.30 Roundtable «Hereditary tumor syndromes»	10.00-11.30 Roundtable: «Malignant transformation risk in biliary diseases»	10.00-10.45 Satellite Symposium sponsored by Stada «Metabiotics»
			11.00-12.30. Satellite Symposium sponsored by UCB «Interdisciplinary approach as an opportunity of optimal management of IBD patients»
13.05-14.35. Satellite Symposium sponsored by Eisai «New possibilities of target therapy in unresectable hepatocellular carcinoma: What can we offer to patients today?»	11.45-13.15 Symposium: «Radiodiagnostics in colon diseases»	11.45-12.30 Satellite Symposium by Berlin Chemie: «Enzyme replacement therapy in the treatment of pancreatic cancer»	12.45-13.30. Satellite Symposium sponsored by Takeda «On the way to IBD treatment optimization»
14.40-14.55 Lecture. R.A. Ivanov (Saint-Petersburg) «Microbiome: diagnostic and therapeutical potential in immunooncology»	13.30–14.40 Symposium of young scientists		13.45-15.30 Consensus on mechanic jaundice
15.00-18.00 Interdisciplinary Symposium «Colon cancer: easy to prevent – difficult to treat»	14.45-16.15 Symposium: «Personalized medicine in gastroenterology»	12.45-18.00 Pancreatic Club 12.45-14.15 Symposium «Issues in diagnosis and treatment of pancreatic diseases» 14.25-15.10 Discussion. «Chronic pancreatitis and secretolytics». B.V. Grinevich vs. U.A. Kucheryavy 15.20-16.20 Symposium «Genetic aspects of chronic pancreatitis» 16.30-18.00 Symposium «Surgery in oncological diseases of the liver and pancreas. Long-term results of minimally-invasive resections»	15.40-16.20 Discussion: «Hepatocellular carcinoma in HCV patients cured with direct antiviral agents – pros and cons?» I.G. Bakulin vs. L.U. Ilchenko
	16.30-18.00 Symposium: «Metabolic complications and safety of nutritional support in oncology patients: a new reading of old truths»		16.30-18.00 Symposium: «Gastrointestinal oncology and Endocrinology: contact points (DM type 2, obesity, metabolic syndrome)»
18.00. Closing ceremony			

Program of the 45th Session of CSRI for Gastroenterology
“**Oncology issues in gastroenterologist practice**”
February 28th, 2019, Thursday

Big Hall

9.00 – 9.30 Opening Ceremony

9:30-9:50 Expert Lecture

Prof. D.A. Morozov, MD, PhD. “From multicentre studies and consensus conferences to clinical guidelines and patients management protocols”

10.00-11.00 Satellite symposium sponsored by Abbott

«Pancreatic enzyme replacement therapy today»

Moderators: D.S. Bordin, Matthias Lohr (Sweden)

Matthias Lohr (Sweden) “Pancreatic enzyme replacement therapy in oncology”

D.S. Bordin “**A review** of Russian consensus on exo- and endocrine pancreatic insufficiency after surgical treatment”.

11.00-11.30 Expert Lecture

Bruno Vincenzi (Italy) «Support treatment in oncology patients»

11.30-12.00 Expert Lecture Prof. Ioannis Souglakos (Greece) «Immunotherapy in the treatment of advanced gastric cancer» (sponsored by MSD)

12.10-15.00 Interdisciplinary Symposium «From chronic gastritis to gastric cancer: how to stop Correa cascade».

Moderators: Prof. I.V. Mayev, RAS academician; Prof. Marcis Leja (Latvia); Prof. Bojan Tepes (Slovenia); Prof. Tomica Milosavljevic (Serbia); Prof. D.S. Bordin, MD PhD; Prof. M.A. Livzan, MD PhD (Omsk).

Main participants (up to 10 min)

1. M.A. Livzan, A.V. Kononov (Omsk) 25 min.

Case report

2. V.G. Zhukhovitskiy.

H. Pylori strain differences as gastric cancer predictors

3. Marcis Leja (Latvia)

OLGA / OLGIM systems: a gastroenterologist view

4. S.G. Khomeriki

Microsatellite instability and gastric cancer

5. Francesco Di Mario (Italy)

Gastric cancer serology screening: pros and cons

6. S.A. Kurilovich (Novosibirsk)

Gastric cancer serology screening: Siberian experience

Московский
клинический
научный центр

ГОСУДАРСТВЕННОЕ БЮДЖЕТНОЕ УЧРЕЖДЕНИЕ ЗДРАВООХРАНЕНИЯ ГОРОДА МОСКВЫ
«МОСКОВСКИЙ КЛИНИЧЕСКИЙ НАУЧНО-ПРАКТИЧЕСКИЙ ЦЕНТР ИМЕНИ А.С. ЛОГИНОВА
ДЕПАРТАМЕНТА ЗДРАВООХРАНЕНИЯ ГОРОДА МОСКВЫ» (ГБУЗ МКНЦ ИМЕНИ А.С. ЛОГИНОВА ДЗМ)

111123, г. Москва, ш. Энтузиастов д. 86, тел.: 8 495 304 30 39, 8 495 304 3040, info@mknc.ru, сайт: www.mknc.ru

7. D.I. Abdulganieva, R.A. Abdulkhakov, S.R. Abdulkhakov, Z.M. Galeeva, A.I. Ivanov, V.U. Muravyov, R.G. Sayfutdinov (Kazan)

Serological screening of atrophic gastritis in Tatarstan

8. E.V. Bystrovskaya

Endoscopy as a tool for diagnostics of precancerous lesions and early gastric cancer

9. V.V. Tsukanov (Krasnoyarsk)

H. pylori eradication as a strategy for primary prevention of gastric cancer

10. S.A. Alexeenko (Khabarovsk)

A First visit patient with dyspepsia symptoms: What should a doctor think of?

15.00-18.00 Interdisciplinary symposium «Chronic pancreatitis and pancreatic cancer: Is there a link?»

Moderators: Prof. I.V. Mayev, RAS academician; Prof. I.E. Khatkov, RAS corr. member; Prof. V.V. Tsvirkun, Prof. D.S. Bordin, Prof. M.F. Osipenko (Novosibirsk)

Main participants (up to 10 min):

1. E.A. Dubtsova

Chronic pancreatitis as a risk factor for pancreatic cancer

2. N.B. Gubergrits (Ukraine)

"Doom chain" in pancreatology

3. Nikolskaya K.A.

Case report 1

4. M.F. Osipenko (Novosibirsk)

Do tumor markers help or disorient?

5. K.A. Lesko.

Radiodiagnostics to help a clinician

6. G.M. Pronina

New technologies in endoscopic ultrasound for differential diagnosis of inflammatory and tumor lesions of the pancreas

7. M.V. Malykh

Case report 2

8. O.V. Paklina

Puncture of the pancreas: possibilities and limits

9. K.K. Noskova

Cytology and cytochemistry in pancreatic cancer diagnosis

10. R.E. Izrailov

Doubtful diagnosis: to operate on or not?

11. T.N. Kuzmina

A differentiated approach to nutritional support

12. E.V. Bystrovskaya

International guidelines on early diagnosis of pancreatic cancer, risk groups: summing up.

Бизнес зал

9:30–10.00 Lecture

Prof. A.I. Parfenov «Enteropathy with the disorder of membrane digestion: from diagnosis to the treatment and cure»

10.15-11.45 Memorial symposium «Membrane digestion – an outstanding discovery of the XX century» **(to the 60th anniversary of A.M. Ugolev's discovery of a new digestion paradigm)**»

Chairs: Prof. A.I. Parfenov, E.A. Sabelnikova, MD, PhD

1. A.I. Parfenov
«Enteropathy with the disorder of membrane digestion (EDMD) – a clinical implementation of A.M. Ugolev's ideas»
2. N.I. Belostotskiy
«Pathogenesis of EDMD».
3. S.G. Khomeriki
«Pathohistology of EDMD and effect of enteroprotectors on intestinal mucosa»
4. N.I. Belostotskiy
«Effect of enteroprotectors on disaccharidases activity (an experimental study) »
5. S.R. Dbar
«Enteroprotectors in EDMD treatment».

11.45 – **12.30 Satellite symposium sponsored by Takeda “Gastric acid-dependent diseases: early diagnosis and rational treatment. Cancer prevention is at the problem forefront!”**

Moderators: D.S. Bordin, M.F. Osipenko (Novosibirsk)

1. **D.S. Bordin. A patient's route from heartburn to esophageal adenocarcinoma.**
2. M.F. Osipenko. Gastric mucosa inflammation: focus on cancer prevention.

12.45-13.30 Satellite symposium by PRO.MED.CS Praha a.s. «Intestinal permeability syndrome – a new target in the treatment of gastrointestinal diseases»

Chairs: Prof. A.I. Parfenov, E.A. Sabelnikova, MD, PhD

1. A.I. Parfenov, R.B. Gudkova.
«Intestinal barrier function and cytoprotection»
 1. M.U. Zvyaglova
«Cytoprotection as a new direction of ulcerative colitis treatment»
 2. S.V. Bykova
«Rebamipide: on the edge of a new approach to the rehabilitation of celiac patients».
- Discussion

13.45-15.15 Symposium: «Irritable bowel syndrome and IBS-like disorders in bowel diseases: new approaches in diagnosis and treatment»

Chairs: Prof. A.I. Parfenov, I.N. Ruchkina, MD, PhD

3. G.M. Dyukova
«IBS as a typical functional GIT disorder»
4. L.H. Indeykina
«Visceral sensitivity in IBS patients».
3. I.N. Ruchkina
«Diagnostic criteria of IBS-like disorders in patients with ulcerative colitis».
4. I.E. Trubitsyna

Московский
клинический
научный центр

ГОСУДАРСТВЕННОЕ БЮДЖЕТНОЕ УЧРЕЖДЕНИЕ ЗДРАВООХРАНЕНИЯ ГОРОДА МОСКВЫ
«МОСКОВСКИЙ КЛИНИЧЕСКИЙ НАУЧНО-ПРАКТИЧЕСКИЙ ЦЕНТР ИМЕНИ А.С. ЛОГИНОВА
ДЕПАРТАМЕНТА ЗДРАВООХРАНЕНИЯ ГОРОДА МОСКВЫ» (ГБУЗ МКНЦ ИМЕНИ А.С. ЛОГИНОВА ДЗМ)

111123, г. Москва, ш. Энтузиастов д. 86, тел.: 8 495 304 30 39, 8 495 304 3040, info@mknc.ru, сайт: www.mknc.ru

«Serotonin and acetylcholine in the development of IBS-like disorders in patients with ulcerative colitis».

5. D.A. Degtyarev

«IBS-like disorders from a neurologist's point of view».

15.30-17.00 Symposium: «Screening for celiac disease as prevention of oncological diseases».

Chairs: Prof. A.I. Parfenov, E.A. Sabelnikova, MD, PhD; S.V. Bykova, MD, PhD

1. S.V. Bykova (12 min)

«Celiac disease and oncological diseases»

2. L.M. Krums, R.B. Gudkova (12 min)

Case report "Non-compliance to gluten-free diet leads to oncological diseases"

3. E.A. Sabelnikova

«Refractory celiac disease».

4. G.A. Dudina

«T-cell lymphoma».

5. L.H. Indeykina

«Case report of late celiac disease diagnosis complicated by small bowel lymphoma».

5. A.O. Akopova

«Capsule endoscopy in celiac disease diagnostics»

17.15-18.00 Roundtable: «Bile acids – a colorectal cancer risk factor»

Moderators: Prof. V.V. Tsvirkun, E.A. Sabelnikova, MD, PhD; L.M. Krums, MD, PhD.

Main participants:

1. Prof. A.I. Parfenov

2. Prof. V.V. Tsvirkun

3. L.M. Krums, MD, PhD

4. L.H. Indeykina

1. L.M. Krums «Mechanism of bile acids influence on colorectal cancer development».

2. L.H. Indeykina «Clinical data on the frequency of colorectal cancer development in gall bladder diseases patients».

Glass hall

9.30-11.00 Symposium: «HIV infection and gastrointestinal diseases».

Chairs: Prof. A.V. Pivnik, G.A. Dudina, MD, PhD

1. A.V. Pivnik

«Organization of hematological and internal medicine care for HIV-infected patients in a hematology ward».

2. T.R. Khalilulin

«Clinical aspects of HIV infection in gastroenterologist practice»

3. T.P. Bessarab

«Mycobiological GIT diseases in HIV».

4. G.A. Dudina

Московский
клинический
научный центр

ГОСУДАРСТВЕННОЕ БЮДЖЕТНОЕ УЧРЕЖДЕНИЕ ЗДРАВООХРАНЕНИЯ ГОРОДА МОСКВЫ
«МОСКОВСКИЙ КЛИНИЧЕСКИЙ НАУЧНО-ПРАКТИЧЕСКИЙ ЦЕНТР ИМЕНИ А.С. ЛОГИНОВА
ДЕПАРТАМЕНТА ЗДРАВООХРАНЕНИЯ ГОРОДА МОСКВЫ» (ГБУЗ МКНЦ ИМЕНИ А.С. ЛОГИНОВА ДЗМ)

111123, г. Москва, ш. Энтузиастов д. 86, тел.: 8 495 304 30 39, 8 495 304 3040, info@mknc.ru, сайт: www.mknc.ru

«GIT lymphomas in patients with HIV».

5. U.G. Sandler

«Clinical course and treatment features of viral hepatitis in HIV patients».

6. S.R. Dbar

«Case report of Whipple disease in an HIV-positive patient»

11.15-12.00 Satellite Symposium sponsored by Janssen «Safety of the biologics».

Chairs: D.S. Bordin, E.A. Belousova

1. E.A. Belousova. The review of the biologics and their safety (10 min)

2. O.V. Knyazev. The biologics and opportunistic infections (10 min)

3. L.S. Kruglova. The biologics and oncological safety (10 min)

Discussion 15 min

12.10-13.40 Satellite symposium sponsored by Pfizer “Janus kinase inhibitors, from theory to practice in the IBD treatment. The first Russian experience”

Moderators: O.V. Knyazev, G.V. Lukina

1. O.V. Knyazev. Small molecules are the future of IBD treatment (25 min)

2. G.V. Lukina. Background and perspectives of “gastroenterologist\rheumatologist” collaboration development in real clinical practice (25 min)

3. A.V. Kagramanova. The first clinical experience of treating IBD patients treated with janus kinases in MCSC

4. T.V. Shkurko. Pharmaco-economical aspects of IBD target therapy.

13.55-15.25 Roundtable: «A patient with a stoma and a doctor: face to face».

Moderators: Prof. S.I. Achkasov, Prof. A. Kazaryan (Norway)

1. I.A. Kalashnikova

«Facilities for patients with a stoma: Who? Where? When?».

2. M.A. Danilov

«Colostomy in the combined and integrated treatment of colorectal cancer patients».

3. S.A. Kuliyeu

«Prevention and treatment of parastomal hernias».

4. G.V. Lazarev

«Managing patients with a stoma in the regional center for oncology».

15.35-16.20 Satellite Symposium sponsored by Abbott «H. Pylori associated diseases: how to optimize the strategy of managing patients»

Moderator: D.S. Bordin

1. D.S. Bordin. Diagnosis and treatment of H. pylori: experts guidelines and real clinical practice

2. N.N. Dekhnich (Smolensk). H. Pylori sensitivity to antibiotics in Russia. Comparison of sensitivity to macrolides.

16.30-18.00 Meeting of the working group on gastrointestinal motility

Moderators: Prof. D.S. Bordin, Prof. E.L. Nikonov, Prof. V.A. Isakov

1. O.U. Fomenko
«High-resolution manometry in functional defecation disorders»
2. S.V. Morozov, V.O. Kaybysheva, D.S. Bordin
«Abnormal gastro-esophageal reflux criteria: theory and practice».
3. E.L. Nikonov, V.O. Kaybysheva, S.V. Morozov, E.R. Valitova.
«Do we need an integrated pH-impedancemetry conclusion protocol today?».

President Hall

9.30-16.00 Plenary session: «Endoscopic diagnosis and treatment of gastrointestinal epithelial tumors».

9:30 – 11:45 Roundtable «Hyperplastic gastric polyps: remove vs follow up».

Chairs: Prof. Starkov U.G., K.V. Shishin, MD, PhD; S.V. Kashin, MD, PhD.

1. Z.V. Galkova. How to make a diagnose correctly. (20 min)
2. A.A. Mitrakov. An endoscopist's view – to remove (20 min)
3. R.V. Plakhov. An endoscopist's view – to observe (20 min)
4. O.B. Yanova. A gastroenterologist's view (20 min)
5. **E.A. Kraynova. A morphologist's view** (20 min)
6. Discussion: Which approach do I choose and why?
S.V. Kashin (5 min)
S.S. Pirogov (5 min)
O.B. Tkachenko (5 min)
O.A. Malikhova (5 min)
P.V. Sunyaev (5 min)
6. Discussion (free presentations)

12.00-14.10 Gastrointestinal neuroendocrine tumors. Diagnosis and treatment

Chairs: E.V. Bystrovskaya, MD, PhD; O.A. Malikhova, MD, PhD; E.N. Solodinina, MD, PhD.

1. O.A. Malikhova. GI neuroendocrine tumors, endoscopic diagnosis, differential diagnosis (20 min with discussion)
2. E.A. Krainova. Typical features in GI neuroendocrine tumors morphological diagnosis (20 min with discussion)
3. I.U. Feydorov How to observe and treat a patient with NET? (20 min with discussion)
4. A.A. Smirnov. Endoscopic treatment of upper GI NETs (20 min with discussion)
5. M.U. Agapov. Endoscopic treatment of upper GI NETs (20 min with discussion)
6. Discussion (free presentations)

Московский
клинический
научный центр

ГОСУДАРСТВЕННОЕ БЮДЖЕТНОЕ УЧРЕЖДЕНИЕ ЗДРАВООХРАНЕНИЯ ГОРОДА МОСКВЫ
«МОСКОВСКИЙ КЛИНИЧЕСКИЙ НАУЧНО-ПРАКТИЧЕСКИЙ ЦЕНТР ИМЕНИ А.С. ЛОГИНОВА
ДЕПАРТАМЕНТА ЗДРАВООХРАНЕНИЯ ГОРОДА МОСКВЫ» (ГБУЗ МКНЦ ИМЕНИ А.С. ЛОГИНОВА ДЗМ)

111123, г. Москва, ш. Энтузиастов д. 86, тел.: 8 495 304 30 39, 8 495 304 3040, info@mknc.ru, сайт: www.mknc.ru

14.30-16.00 Roundtable «Duodenal adenomas».

Chairs: K.V. Shishin, MD, PhD; A.A. Smirnov, MD, PhD; O.B. Tkachenko

Participants:

1. M.U. Agapov. Duodenal adenomas. To remove vs. to observe (30 min with discussion)
2. A.A. Mitrakov. Prevention of complications in endoscopic duodenal adenomas removal (20 min)
3. Discussion: How do I remove duodenal adenomas?
O.B. Tkachenko (10 min)
A.A. Smirnov (10 min)
I.U. Nedoluzhko (10 min)

16.30 -18.00 Symposium: «Gastrointestinal lymphomas»

Chairs: Prof. I.V. Poddubnaya, RAS academician; O.A. Malikhova

1. U.V. Kostalanova
«Gastric MALT lymphomas and H.pylori associated gastritis: clinical and diagnostic peculiarities»
2. O.A. Malikhova
«Expert endoscopic diagnosis of gastric MALT lymphomas»
3. O.V. Kokosadze
«Morphological diagnosis and treatment effectiveness evaluation in gastric MALT lymphomas»
4. G.A. Dudina
«Diagnosis and treatment of gastric MALT lymphomas in elderly. MCSC named after A.S. Loginov experience»
5. A.V. Shalencov, S.N. Nered, I.V. Poddubnaya
«Surgical treatment of complicated forms of gastrointestinal lymphomas».

March 1st, 2019, Friday

Большой зал

9.00-9.45 Meet the Professor Serhat Bor (Turkey), D.S. Bordin (Russia). "GERD diagnosis and treatment: what is new?"

10:00-13:00 Interdisciplinary symposium «Hepatocellular carcinoma: What is an origin?».

Moderators: E.V. Vinnitskaya, MD, PhD; M.G. Efanov MD, PhD; L.U. Ilchenko, MD, PhD, Prof. V.D. Pasechnikov.

10.00-11.00 Part I. Cancer prevention in viral hepatitis

1. Introduction. E.V. Vinnitskaya «Hepatocellular carcinoma relevance». (10 min)
2. U.G. Sandler
«Case report 1. A patient with hepatitis C and HCC». (10 min)
3. E.N. Aleksandrova.
«HCC risk factors». (15 min)
4. S.N. Batskikh
«Hepatocellular carcinoma in HCV patients cured with direct antiviral agents – as a consequence or in spite of? » (15 min)

Discussion 10 min

11.00-12.00 Part II. Hepatocellular carcinoma screening and verification.

1. U.G. Sandler
«Case report 2. A patient with hepatitis C and HCC». (10 min)
2. A.A. Novikov
«Application of laboratory tests. Alpha-fetoprotein in HCC diagnosis». (15 min)
3. U.V. Kulezneva
«Instrumental diagnosis in HCC». (15 min)
4. S.G. Khomeriki
«Morphological examination in HCC». (15 min)

Discussion (5 min)

12.00-13.00 Part III. Treatment issues: a portrait of an ideal candidate.

1. V.D. Pasechnikov (Stavropol)
«Case report 3. A patient with hepatitis C and HCC». (10 min)
2. L.G. Zhukova
«Chemotherapy in HCC treatment». (15 min)
3. M.G. Efanov
«Current surgical treatment of HCC». (15 min)

4. 4. Katchman Helena.

«Orthotopic liver transplantation и HCC». (15 min)

Discussion 5 min

13.15-14.35. Satellite Symposium sponsored by Eisai “**New possibilities of target therapy in unresectable hepatocellular carcinoma: What can we offer to patients today?**”

14.40-14.55 Lecture. R.A. Ivanov (Saint-Petersburg) “**Microbiom: diagnostic and therapeutical potential in immunooncology**”

15.00-18.00 Interdisciplinary Symposium «Colon cancer: easy to prevent – difficult to treat».

Moderators: Prof. S.I. Achkasov, Prof. A. Kazaryan (Norway), I.I. Andriyashkina, MD, PhD

1. Bojan Tepes (Slovenia)

«European experience in colorectal cancer screening».

2. E.L. Nikonov, P.V. Gulyayev, D.S. Bordin

«Russian experience in colorectal cancer screening».

3. O.V. Knyazev

«Colorectal cancer screening in IBD patients».

4. I.U. Nedoluzhko

«Early stages of colorectal cancer: an endoscopist's view».

5. S.G. Khomeriki

«Early stages of colorectal cancer: a pathologist's view».

6. T.S. Lisitsa

«Hereditary polyposis as precancerous conditions».

7. A. Kazaryan (Norway)

«The choice of lymphadenectomy extent in the surgical treatment of colorectal cancer».

8. S.I. Achkasov.

«Is there a place for surgery in the treatment of peritoneal carcinomatosis in colorectal cancer?».

9. I.I. Andriyashkina

«Neoadjuvant chemotherapy in the treatment of localized forms of colorectal cancer».

Discussion

18.00. Closing ceremony

Business Hall

9.00-9.45 Meet the Professor

D.A. Sychev “Clinical and pharmacogenetic technologies in personalized medicine: focus on oncology”

10.00-11.30 Roundtable **“Hereditary tumor syndromes”**

Moderators: Prof. I.E. Khatkov, corr. member of RAS; Prof. L.G. Zhukova, Prof. E.N. Imyanitov, corr. member of RAS; I.I. Andreyashkina, MD, PhD; I.A. Demidova, MD, PhD.

1. E.N. Imyanitov

“Treatment and primary and secondary prophylaxis of **hereditary tumors**” (15 min)

2. I.A. Demidova

“**Laboratory examinations algorithm for diagnosing hereditary tumor syndrome**” (15 min)

3. A.S. Tsukanov

“**Principles of diagnosis and personalized treatment of hereditary forms of colorectal cancer**” (15 min)

4. I.E. Khatkov

“**Analysis of multiple primary tumors morbidity in Moscow**” (15 min)

11.45-13.30 Symposium: «Radiodiagnostics in colon diseases».

Moderators: Prof. Z.A. Lemeshko, Prof. A.A. Dmitrashchenko, Prof. U.V. Kulezneva

1. I.E. Selina, T.G. Podlovchenko, O.H. Kaloeva, A.V. Skvortsova

«Radiodiagnostics in intestinal obstruction».

2. M.V. Pavlov, V.M. Gruzina, U.V. Kulezneva

«Defecography in the diagnosis of structural and functional diseases of anorectal area».

3. L.P. Orlova

«Ultrasound in diverticular disease and its complications».

4. R.I. Aleksandrova

«Multispiral CT and MRI in the colon tumors diagnosis».

13:30-14:40 Symposium of young scientists

Moderators: A.B. Abduraimov, MD, PhD; Z.F. Mihaylova, MD, PhD; A.B. Afanasyev

1. The presentation of the Young Scientists Contest winner. (9 min)

2. N.E. Semenov

«Surgery and systemic chemotherapy in the treatment of gastric cancer with peritoneal microcarcinomatosis». (9 min)

3. N.A. Bodunova

«Personalized medicine in clinical guidelines and real life». (9 min)

4. K.G. Saliev

«Clinical and morphological features in autoimmune hepatitis patients». (9 min)

5. A.F. Babayan

«Treatment compliance in patients with ulcerative colitis». (9 min)

6. M.A. Kiriukova

«International registries of chronic pancreatitis and pancreatic cancer patients». (9 min)

7. A.V. Pyatakova

«Endoscopic vacuum therapy for upper GI leakages» (9 min)

14.45-16.15 Symposium: «Personalized medicine in gastroenterology».

Председатель: E.A. Sabelnikova, MD, PhD

1. E.N. Aleksandrova

«Clinico-pathogenetic significance of autoantibodies in GIT malignancies».

2. A.A. Novikov

«Multiparameter analysis of immune-inflammatory and oncological diseases laboratory biomarkers in gastroenterology».

3. M.M. Litvinova

«Case report: Lynch syndrome».

4. N.A. Bodunova

«Analysis of visits to the Center for personalized medicine MCSC».

5. N.V. Romashkina

«Somatic manifestations of depression: abdominal pain».

6. A.U. Ikonnikova

«Erosive-ulcerative gastric lesions while on NSAIDs and IPPs: clinico-genetic interrelation»

16.30-18.00 Symposium: «Metabolic complications and safety of nutritional support in oncology patients: a new reading of old truths».

Chairs: Prof. L.N. Kostyuchenko, Prof. A.A. Samsonov, Prof. I.N. Pasechnik, Prof. A.E. Shestopalov, Prof. S.V. Sviridov.

1. I.N. Pasechnik

«Nutritional support as a component of FAST-track protocol».

2. L.N. Kostyuchenko

«Metabolic complications of nutritional correction in an oncology patient: homeostasis – a biological program of a healthy individual and molecular tool for nutritional status control in an oncology patient».

3. I.V. Ugarov

«Digital nutrition and genetics as innovative fields of nutritional support in oncology».

4. A.D. Kruglov

«Iron deficiencies correction during chemotherapy in pancreatic and colorectal cancers».

5. T.N. Kuzmina, N.G. Andreev

«Metabolic complications of nutritional support in colorectal cancer».

6. U.A. Lysikov

«Oncology patient nutrition: a new reading of old truths».

7. I.E. Khoroshilov

«Innovative technologies of an oncology patient nutrition support».

8. O.A. Obukhova

«Influence of additional enteral nutrition in organs functional status in chemotherapy for gastric cancer».

9. A.V. Starodubova
«Evidence-based nutrition: a myth or reality».
10. A.E. Shestopalov
«Current parenteral nutrition in oncology».
11. S.V. Sviridov
«Sipping in the nutritional support of oncology patients».

Glass hall

9.00-9.45 Meet the Professor

I.E. Khatkov «Moscow Cancer care system»

10.00-11.30 Roundtable: «Malignant transformation risk in biliary diseases».

Moderators: E.Ya. Selezneva, MD, PhD, M.G. Efanov, MD, PhD, U.N. Orlova, MD, PhD.

1. U.N. Orlova.
«Malignant transformation risk in gall bladder adenomyomatosis (adenomyoma)».
2. T.A. Mechetina
«Case report of xanthogranulomatous cholecystitis malignant transformation».
3. E.Ya. Selezneva
«Hyaline calcinosis of gall bladder as a precancerous lesion».
4. M.G. Efanov
«An early diagnosis of the gall bladder and biliary ducts malignant lesions in surgeon and gastroenterologist practice».
5. S.G. Khomeriki
«Biliary papillomatosis as a risk factor for cholangiocarcinoma development»

Discussion

11.45-12.30 Satellite Symposium Berlin Chemie: «Enzyme replacement therapy in the treatment of pancreatic cancer»

Moderators: E.A. Dubtsova, L.V. Vinokurova

1. L.V. Vinokurova. Luminal digestion in pancreatic diseases.
2. E.A. Dubtsova. Pancreatic exocrine insufficiency and nutritional status in pancreatic cancer.

12.45 – 18.00 Pancreatic club

12.45-14.15 Symposium «Issues in diagnosis and treatment of pancreatic diseases».

Московский
клинический
научный центр

ГОСУДАРСТВЕННОЕ БЮДЖЕТНОЕ УЧРЕЖДЕНИЕ ЗДРАВООХРАНЕНИЯ ГОРОДА МОСКВЫ
«МОСКОВСКИЙ КЛИНИЧЕСКИЙ НАУЧНО-ПРАКТИЧЕСКИЙ ЦЕНТР ИМЕНИ А.С. ЛОГИНОВА
ДЕПАРТАМЕНТА ЗДРАВООХРАНЕНИЯ ГОРОДА МОСКВЫ» (ГБУЗ МКНЦ ИМЕНИ А.С. ЛОГИНОВА ДЗМ)

111123, г. Москва, ш. Энтузиастов д. 86, тел.: 8 495 304 30 39, 8 495 304 3040, info@mknc.ru, сайт: www.mknc.ru

Moderators: Prof. D.S. Bordin, Prof. M.F. Osipenko (Novosibirsk), Prof. N.B. Gubergrits (Ukraine), Prof. A.V. Chzhao

1. L.V. Vinokurova, K.A. Lesko, G.G. Varvanina

«Comprehensive non-invasive diagnostics of pancreatic diseases». (15 min)

2. U.V. Osipenko., S.U. Silvestrova.

«Short-chain fatty acids in small intestinal bacterial overgrowth syndrome diagnosis in chronic pancreatitis patients». (15 min)

3. M.F. Osipenko (Novosibirsk)

«Exocrine insufficiency – is it always a result of a pancreatic disease?» (15 min)

4. V.D. Pasechnikov (Stavropol)

«Does chronic biliary pancreatitis exist? » (15 min)

5. V.V. Tsukanov

«Chronic pancreatitis in Russia: under- or overdiagnosis?» (15 min)

6. A.U.Razumovskiy, A.E. Stepanov, A.B. Alkhasov, Z.B. Mitupov, K.G. Vasilyev, E.I. Komina
Treatment of surgical pancreatic diseases (15 min)

14:25-15:10 Discussion «Chronic pancreatitis and secretolytics».

Opponents: Prof. B.V. Grinevich vs. U.A. Kucheryavy MD, PhD

Moderator: Prof. D.S. Bordin

15.20-16.20 Symposium «Genetic aspects of chronic pancreatitis»

Moderators: E.A. Dubtsova MD, PhD, M.G. Ipatova MD, PhD, M.M. Litvinova MD, PhD

1. M.M. Litvinova

«Genetic causes of chronic pancreatitis».

2. N.B. Gubergrits (Ukraine)

«Case report of hereditary pancreatitis».

3. L.V. Vinokurova, G.E. Baimakanova, S.A. Krasovsky, S.U. Silvestrova, G.G. Varvanina

«Cystic fibrosis in adults: hepatobiliary and pancreatic lesions».

4. M.G. Ipatova

«Rare genetic pancreatic diseases».

16.30-18.00 Symposium «Surgery in oncological diseases of the liver and pancreas. Long-term results of minimally-invasive resections»

Chairs: Prof. I.E. Khatkov, RAS corr. member, Prof. V.V. Tsvirkun, RAS corr. member, Prof. D.A. Granov (Saint-Petersburg), Prof. A. Kazaryan (Norway), M.G. Efanov, MD, PhD

1. Edwin Bjørn, Airazat Kazaryan (Norway)

«Survival after laparoscopic liver resections for colorectal cancer metastases. Tertiary care center experience».

2. Dejan Radenkovic (Serbia)

«Open and minimally-invasive pancreatic resections for ductal adenocarcinoma: results of current clinical trials».

3. I.E. Khatkov, R.E. Izrailov, O.S. Vasnev

«Long-term results of laparoscopic proximal pancreatic resections. MCSC»

4. D.A. Granov (Saint-Petersburg)

«Survival after laparoscopic distal pancreatic resections».

5. M.G. Efanov (Moscow), D.A. Granov (Saint-Petersburg), R.B. Alikhanov (Moscow).

«Comparative analysis of survival after laparoscopic and open liver resections for colorectal cancer metastases. MCSC»

Президентский зал

9.00-9.45 Meet the Professor

A.I. Parfenov. «IBD relapses and their prevention options»

10.00-10.45 Satellite Symposium sponsored by Stada «Metabiotics»

Moderators: D.S. Bordin, N.V. Bakulina (Saint-Petersburg)

1. D.S. Bordin. H.Pylori and gastric microbiome

2. N.V. Bakulina Argumented approach to intestinal microflora correction.

11.00-12.30. Satellite Symposium sponsored by UCB “Interdisciplinary approach as an opportunity of optimal management of IBD patients”

Chairs: Prof. G.V. Lukina, MD PhD; O.V. Knyazev, MD PhD

1. Prof. G.V. Lukina, MD PhD; O.V. Knyazev, MD PhD.

Gastroenterology and Rheumatology experts' opinion on “Patients with both IBD and spondyloarthritis: an interdisciplinary approach to treatment outcomes improvement”

2. T.V. Shkurko

“Methods of social support and rehabilitation of IBD patients: problems and development perspectives” (30 min)

Discussion (10 min)

12.45-13.30. Satellite Symposium sponsored by Takeda IBD **“On the way to IBD treatment optimization”**

Moderators: E.A. Belousova, D.S. Bordin

1. E.A. Belousova. IBD treatment targets: intestinal mucosa healing and prolonged remission

2. O.V. Knyazev, A.O. Atroshchenko. Interdisciplinary approach – key to successful treatment of IBD

3. T.V. Shkurko. Organization of care system for IBD patients in Moscow: from expert guidelines to real practice

13.45-15.30 Consensus on mechanic jaundice

Moderators: Prof. V.V. Tsvirkun, Prof. S.G. Shapovalyants, Prof. U.V. Kulezneva, Prof. A.O. Chzhao

Выступления экспертов:

1. A.M. Shulutko
2. S.G. Shapovalyants
3. T.G. Duzheva
4. O.I. Ohotnikov
5. E.N. Solodovnikov

15.40-16.20 Discussion: «Hepatocellular carcinoma in HCV patients cured with direct antiviral agents – pros and cons?».

Participants: Prof. I.G. Bakulin, L.U. Ilchenko, MD, PhD; I.G. Nikitin, MD, PhD; E.V. Vinnitskaya, MD, PhD

1. L.U. Ilchenko – pros (10 min)
2. I.G. Bakulin – cons (10 min)
3. I.A. Morozov – alternative opinion on cancerogenesis (10 min)
4. Discussion (10 min)

16.30-18.00 Symposium: «Gastrointestinal oncology and Endocrinology: contact points (DM type 2, obesity, metabolic syndrome)».

Chairs: Prof. A.M. Mkrtumyan, Prof. L.A. Zvenigorodskaya

1. A.M. Mkrtumyan
«NETs in gastroenterologist practice».
2. L.A. Zvenigorodskaya, T.V. Nilova, M.V. Shinkin, A.V. Petrakov
«Type 2 DM and oncological risks in gastroenterology patients».
3. L.V. Egshatyan, N.E. Khachatryan
«Type 2 DM, intestinal microflora, and colorectal cancer».
4. S.V. Rodionova, L.A. Zvenigorodskaya, E.V. Biryukova, A.V. Petrakov.
«Hypoglycemic therapy influence in the cancer development and recurrence risks».
5. E.V. Biryukova, I.V. Solovyeva
«Obesity as a cancer risk factor»
